MEDICARE DOLLAR THRESHOLD

Effective January 1, 2006 Medicare has placed a dollar amount Cap on therapy services. As of February 2018, the exception process to the Cap was repealed, however, dollar amounts are still being used as a threshold and to elicit a Manual Medical Review, which means that Medicare can withhold payments until they receive documentation from the provider. Medicare will continue to track usage of all therapies each year. The Medicare Part B threshold is $2,410 per year for Physical and Speech Therapy combined and $2,410 for Occupational Therapy. The Manual Medical Review dollar amount is $3000 for Physical and Speech Therapy combined and $3000 for Occupational Therapy. Chiropractic and Home Therapy Services are not included in the Medicare Cap. **If you have received treatment in another facility and do not inform our office, it will complicate the billing process and possibly lead to a denial from Medicare.**

Have you had any therapy in any other facility since **January 1, 2025**?
